BER-BRT Conversion

Manual

Ver 1.1

I . BER → BRT Conversion

1. Select the wallet you want to convert from the main display and click the Convert button.

(The conversion button is located in between the main wallet icon and setting icon.)

2. Input the amount you want to convert as well as select the wallet where you want the converted BRT.

(While converting from BER → BRT, the conversion fee will be automatically credited with BER coin.)

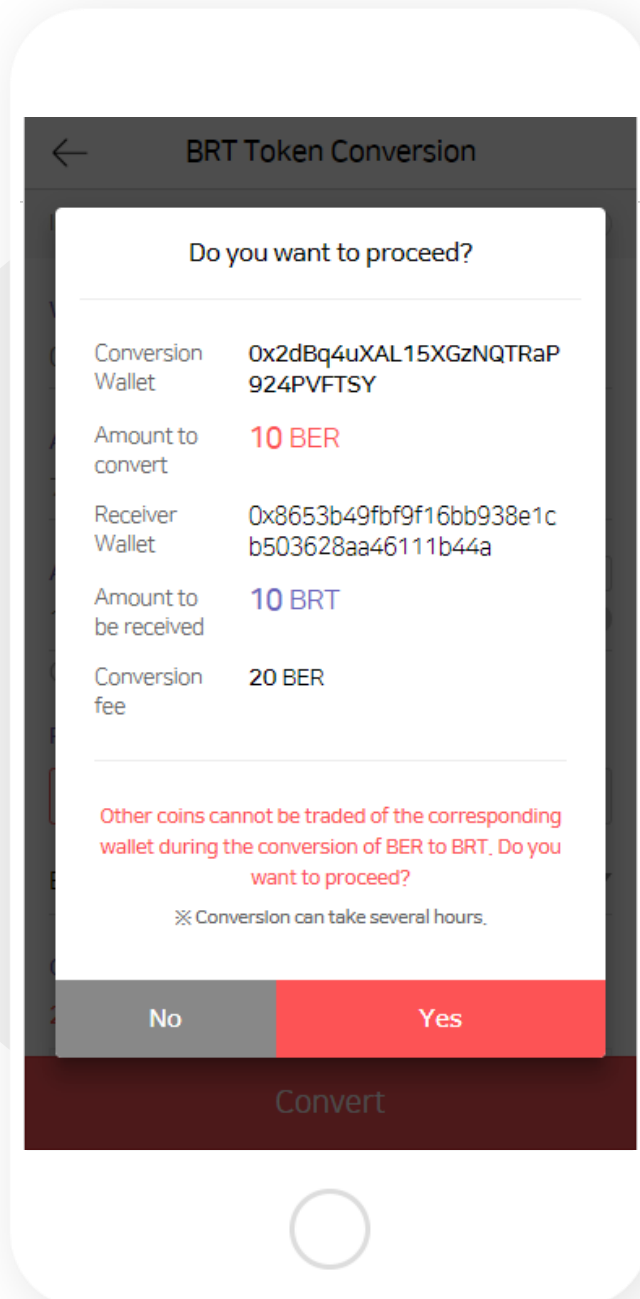

The screenshot displays the 'BRT Token Conversion' interface on a mobile device. At the top, there is a back arrow and the title 'BRT Token Conversion'. Below this is an 'Information input' section with a red error icon, a lock icon, a chat icon, and a checkmark icon. The form contains the following fields and controls:

- Wallet Name:** 0x2dBq4uXAL15XGzNQTRaP924PVFTSY
- Amount (BER):** 862.6
- Amount to convert (BER):** 151.33. To the right of this field is a 'Convert all' button and a close (X) icon.
- Receiver Wallet:** A dropdown menu showing 'Issued Ethereum Wallet' (highlighted with a red border) and 'Manually Input'.
- Conversion fee (BER):** 20

At the bottom of the screen, a large red button labeled 'Convert' is visible, with a hand cursor icon pointing to it.

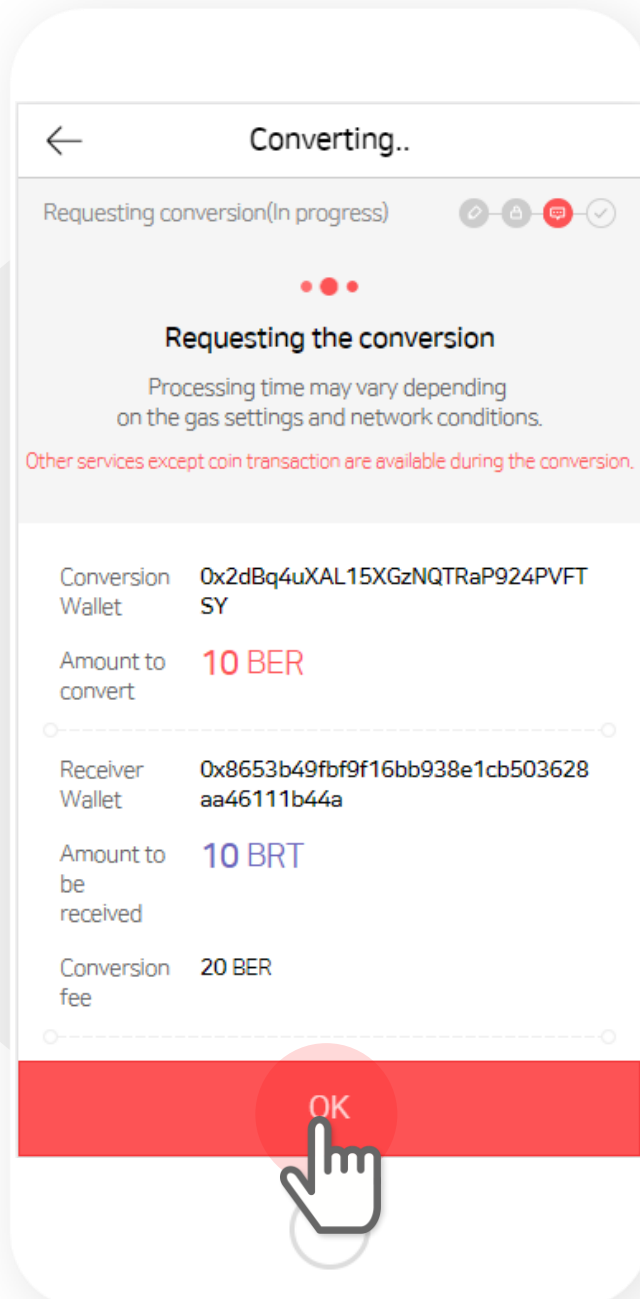

3. Check your conversion information.

(Please check the conversion amount, conversion wallet and conversion fees.)

4. Conversion is in progress

(Conversion may take several hours and during this time all the other services are available except transaction.)

5. Once the conversion is completed you can check from the transaction history.

(The converted amount can be checked from the wallet address used during the conversion request.)
